

**Introducing: KISCL (Keep Input Simple Commercial Loans)
Commercial & Apartment Investment / Lending seminar**

Learn how to use this cutting edge technology with the most innovative and **simple** to use (**KISCL**) web based software, which features a complete on line underwriting and submission system for investment professionals to provide current financing options (including lender support), investment summaries or presenting opinion of values with financing comparisons. You can work from your home or office. All you need is a PC and an internet connection as there is nothing to download. **This process includes lender support or training and up to date loan programs for Apartments, Mixed-Use, Commercial, Industrial, Self-Storage, Assisted Living, Hotel and Special Use Properties.**

Seminar Outline:

- Introduction to the KISCL Fast Track commercial mortgage banking platform.
- Realistic Expense Guidelines for Investment Property financing.
- KISCL Investment Summary for Multifamily or Commercial Investments.
- Outline of current market financing options to maximize investment opportunities:

KISCL is an innovative, quick and especially simple to use web-based software, nothing to download, that will enable you to be miles ahead of your competition using cutting edge Internet technology. For details, please give us a call and check out our website at: www.kiscl.com
